Re: Civil Action 99-0061

Dear Sir,

I am Guardian Ad Litem for my daughter Kaiti L. Rogers.
The reason for this Email is as follows:

On Mar 20, 2001, Your Order approving disbursement of settlement proceeds for my daughter was signed and the monies were put into the recommended allocation of these assets, as per advice from a professional investment firm. Over the past seven years, the market conditions have changed and have become very volatile. The investment firm has advised me that they have been unable to do any beneficial placement of funds due to the cumbersome nature of the court order. They are unable to move the money in or out of the initial funds. Because of this, Kaitis funds have barely progressed and have given up many gains due to market fluctuations, and inability of the investment firm to respond to market changes. Of her initial settlement of \$37,843.49, her account now stands at just over 47 thousand dollars.

Obviously, I am very unhappy and have complained to the investment advisor who again tells me he is unable to move these monies out of the initial funds due to the courts restrictions.

This email is to ask the court to grant the ability to have these monies immediately moved into a more conservative investment.

Please advise how I should present this to the court for your approval.

Sincerely,
Jeff Rogers
Guardian Ad Litem for Kaiti L. Rogers

Subject Re: Kaiti L. Rogers

Randy,

Thanks for reply-Yes, It was an admiralty case that started in Saipan, and was moved to Guam. Jeff Rogers et al vs. International Bridge Corporation civil action 99-0061 . The only paperwork I have in my possession, are the "Order approving of disbursement of settlement of proceeds of Kaiti Letafilyal Rogers, Minor" ,dated march 20, 2001 as well as the Ex Parte application of guardian ad litem for approval of investment of settlement proceeds of Kaiti Letafilyal Rogers, minor,dated Mar 19, 2001 and related paperwork as to the initial investment recommendations of Oppenheimer funds counselor. All the other files are in storage in another state -.I will scan them and email to you tomorrow, or I can fax them from home. Please advise me of your fax number. I don't know the docket number of the court order. but it may be better to get them both from Guam so they arrive together , instead of my faxing the order and you getting the other docket from Guam!

Thanks
JEFF

Dear Mr. Rogers:

Judge Munson has asked that I respond to your e-mail.

After looking unsuccessfully through all our old files, it occurred to us that perhaps this was a case that Judge Munson handled on Guam.

We are not able to access Guam's older database entries electronically, but it appears that the documents Judge Munson will need to review are Docket Entries No. 326 and 327, both dated March 20, 2001. We can obtain them from Guam, but if you have them in your possession and can scan them, it will be quicker if you can attach them to an e-mail and send them to me. I will then give them to the Judge.

If you are unable to do so, please advise and I will set about getting them from Guam District Court.

Randy -

following are: 3 documents as requested:

- 1) Order Dated mar 20, 2001
- 2) Ex Parte application of Guardian Ad Litem
- 3) letter of March 19, 2001 in reference to above

My proposal for re-investment of Kaitis funds
is to sell all funds that the monies are held in at this time (Oppenheimer)
and to set up a trust account with Euro Pacific Capital
located in Newport Beach, CA. (www.europac.net), a full-service
broker/dealer dealing in foreign markets and securities.

I am in the process of putting together the investment strategy
and will submit that for approval.

For now I would request that further losses in Oppenheimer be
stopped by liquidating the funds to cash at this time.

Since that will take a while to accomplish - the trust account with
Euro Pacific will be set up and ready to receive Kaitis proceeds.

Thank-you
Jeff Rogers
